

Cookbook of Activities for Driver Education

MT CURRICULUM GUIDE

M 8

Objective: Practice parking maneuvers with model cars and roadways

INGREDIENTS

Model car roadways

Model cars

Instructions for the following parking maneuvers to include reference points:

- Parallel parking
- Angle parking
- Perpendicular parking forward
- Perpendicular parking backing in

Sufficient quantities for each small group

INSTRUCTIONS

This is a small group activity with 3 students per group.

Assign each group three roles:

Driver

Instructor

Observer

Rotate the 3 students into each of the 3 roles

Student Activity:

The instructor reads the steps for each parking maneuver.

The driver explains and performs each step of the maneuver

The observer provides feedback to the driver and instructor
